

Octagonal Knobs

A threaded door knob which fits only threaded spindles (supplied with knob) and is then fixed in place by way of a grub screw in the base of the knob.

HORIZONTAL LOCK - KNOB SET & ESCUTCHEON

A standard 3 lever horizontal lock ideal for use with knob sets or lever handles on rose. This lock positions the knob/handle horizontally across your door and away from the frame. Shown here with the Octagonal Knob Set - Pewter Patina - 33643 and Oval Escutcheon - Pewter Patina - 33665.

Threaded Spindle

A standard threaded spindle for use solely with knob sets and on doors with a maximum thickness of 44mm (larger doors can be accommodated - see website).

Wood Screw Fixings

Supplied with matching countersunk wood screws to affix the rose plate to your door.

Loose Roses

Used to finish the look of your knob sets and are screw fixed to your door.

Escutcheons

Tidy up the appearance of the hole in your door and to protect the wood against marks/scratches made by the key - escutcheon needed for both sides. Screw fixed to surface.

Key Locking

Comes supplied with keys.

Standard Horizontal Mortice Lock

Designed to be used with any of our knob sets or 'sprung' lever handles on rose. Mortised into the door and screw fixed in.

Receiver Plate

Fitted to the frame of the door and screw fixed in.
